

Canvas Natural

GPCN

ILFORD GALERIE Canvas Natural is a cotton/polyester blend canvas with a matt surface and natural tint. With no added optical brightening agents in the coating layer, this canvas offers stunning colour reproduction thanks to a wide colour gamut that enhances rich colours and provides deep, dense blacks.

FEATURES

- Matt surface
- Natural tint
- Free of optical brighteners in the coating layer

PRINTER & INK COMPATIBILITY

Designed for use with both desktop and wide format inkjet printer systems using either aqueous dye or pigment inks from major manufacturers.

Weight	340gsm	
Opacity	99%	
Caliper	400 Micron (19 mil)	
Tint	96,3 -0,5 1	
OBA Content	No	
Acid Free	No	

HANDLING TIPS

Finished prints should be interleaved and stored carefully to prevent scratching. FineArt paper prints are typically more delicate than conventional resin coated (RC) papers such as Pearl, Glossy, Lustre surfaces and should be handled with additional care. Before printing please check that there are no loose paper fibres or debris on the media surface as this may lead to print errors. As with any FineArt media using raw paper it is possible that some debris may exist.

ILFORD have taken great care to ensure that in general our papers are free from loose paper fibres, but please check before you make the final print. Cotton gloves are recommended to avoid contaminants getting onto the surface.

STORAGE

It is recommended that you store your paper in the original product packaging/boxes. Products must be stored in a cool, dry environment away from direct sunlight. Optimal storage and Operating conditions are 15–25°C, 35–65% relative humidity, non-condensing.

AVAILABILITY

Available in rolls. For more details please see the product page on www.ilford.com.
