

## ILFORD ILFOLUX COLOR VIEWING LAMP

10th March 2023 – ILFORD Imaging Europe GmbH is pleased to announce the launch of the ILFOLUX Color Viewing Lamp.

Perfect for hard proofing prints to your calibrated computer monitor.

Photographers, artists, graphic designers and printers can now reference images, digital art, design work and color swatches under standardized lighting conditions to assist in print matching.

The ILFORD ILFOLUX Color Viewing Lamp is a compact, portable and affordable solution for evaluating colors.

ILFORD ILFOLUX features four touch-controlled color temperature settings - 3000K for tungsten-balanced light, 4000K for a middle warm light, 5000K and 6500K for daylight-balanced light.

### FEATURES
